Purpose

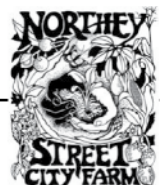

To provide information on the role of the Nursery as a core part of Northey Street City Farm and as a semi-independent enterprise, "Edible Landscapes".

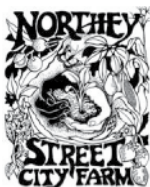

Policy

1. "Edible Landscapes" will provide the following:
 - a. point of sale for a diversity of trees, plants, materials and equipment,
 - b. organisation and creation (together with the Green Team) of a ready supply of compost for The Farm,
 - c. seeds, seedlings and mulch at a negotiated wholesale price to the wider Farm,
 - d. invaluable advice and consultation (slow advice, like slow food) to customers and The Farm members.
 - e. an ATM point, receipting payments for courses, memberships, etc.,
 - f. a physical and public face for The Farm,
 - g. a place for any student or person to do nursery volunteering or work experience,
 - h. a place for volunteers or young people to go when other supervision is not available (especially Fridays).
2. The Farm acknowledges that the Nursery's income is significantly reduced in its provision of the above services that benefit The Farm and the community as a whole.

Procedures

See *Nursery Guidelines* for details of procedures.
